PROJECTS

Tindog

- Tindog is a static website made for dogs to meet new and interesting dogs nearby.
- HTML, CSS** and **BOOTSTRAP** framework are used to make the website.
- More user friendly and interactivity is achieved using Bootstrap.

Drum Kit

- Drum Kit is a webpage where we can play 7 types of Drum Sounds using the keyboard keys or the mouse events(clicks) on the images.
- Images on the screen act as buttons.
- Developed using **HTML, CSS** and **JavaScript**.

Dice Game

- On clicking the button we can see the results, whether 1st player or 2nd player won the game.
- Random numbers are generated on the dice using JavaScript function.
- Using **HTML, CSS** and **JavaScript** I have done this mini project.

ACHIEVEMENTS

SMART INDIA HACKATHON (2022)

Led a Team of 6 to work on a problem statement based on Authentication System.
